

TOUR THE KENTUCKY BOURBON TRAIL, THEN BATTER UP!

When you come to Louisville, you'll get a friendly dose of good old Southern hospitality! Experience Louisville's rich bourbon culture yourself on your custom bourbon tasting tour, all in the comfort of a luxury chauffeured sedan, and save some time to swing by the Louisville Slugger Museum, where you'll have fun right off the bat!

Louisville's love of bourbon is pervasive not only in its deep bourbon history and growing collection of downtown distilleries, but also in its restaurants, bars, attractions, and even its music. Your seven-hour custom bourbon tasting tour is built around your individual tasting preferences, and will stop at two distilleries such as Maker's Mark Distillery or Jim Beam American Stillhouse in the West Division, or Woodford Reserve and Wild Turkey in the East Division, just to name a few! And you can relax in comfort since the entire tour is chauffeured by a private sedan.

Swing by the Louisville Slugger Museum & Factory, which celebrates the extraordinary role Louisville Slugger baseball bats have played in the sport's past, present, and future. Take a guided tour through the factory where Louisville Slugger bats are crafted with the same pride that started in 1884. From the forest to the field, you'll follow the timber that's turned into hard hitting history during the factory tour, and you can also visit the galleries filled with remarkable memorabilia and entertaining interactive exhibits. And as if all that wasn't enough, the Louisville Slugger Museum & Factory lets you hold bats that were used by the greatest players in baseball, including Mickey Mantle, Johnny Bench, David Ortiz and Derek Jeter, just to name a few!
